Annual Celebration Success
Marking 25 Years of Flint River GREEN

Fun Times in the Cold
Annual Celebration, January 28, 2014
Flint Institute of Arts

The Flint River Watershed kicked off 2014 with a celebration marking the start of ‘25 Years of Flint River GREEN.’ For the first time, the Flint Institute of Arts served as the venue for the evening of networking, learning about the FRWC, and fundraising for watershed programs.

Through the generosity of our sponsors and silent auction donors, we raised over $19,000.

Over 125 supporters braved the cold to join us. After a dinner of hearty hors d’oeuvres, our guests got a chance to peruse our program booths, bid on our silent auction items, and meet our staff and board. The FIA very generously opened their exhibit halls, so an evening of art was a treat for our environmental friends. Most importantly, everyone learned about Flint River GREEN, and the importance of this program in the schools in Genesee and Lapeer counties.

A short program included a presentation to our 2013 award recipients, John Maksimchuk, the Volunteer of the Year, Olof Karlstrom, the Joe Leonardi Leadership award recipient, and Michael Freeman, the ‘Golden Gloves’ Flint River and Community Cleanup winner. In conclusion, departing board members, Brent Nickola, David Churchill, and Jim Ananich were thanked for their service to the FRWC.

Thank you to all who attended. The Annual Celebration is our way of showcasing the great work of the FRWC. We plan to return to the FIA next year.
