

Service Learning Opportunity!

The Flint River Watershed Coalition is seeking volunteer groups to help spread the word about storm drains as a part of an effort to encourage Genesee County residents to reduce contaminants making their way to the Flint River.

Sponsored by the Genesee County Drain Commission, this is an excellent opportunity for scouts, faith-based organizations, and corporate volunteer efforts!

How it Works:

- Groups of 4 or more
- Roles for ages 7 and up
- Availability June through October
- Day, evening or weekends
- 1 to 2 hours
- Wear old clothes
- Clear and spray paint drains
- Hang information on doors (no need to talk to residents)
- Increase public awareness about water quality near you!

**NO DUMPING
DRAINS TO RIVER**

Seven simple steps to clean water:

1. Practice good car care.
2. Fertilize sparingly & carefully.
3. Clean up after your pet.
4. Save water.
5. Carefully store and dispose of household cleaners, chemicals, and oil.
6. Help keep pollution out of storm drains.
7. Choose earth friendly landscaping.

Let's make one thing
Perfectly Clear.
